Proposal	Summary	Proposed Cost
Expanded after-school care	The governor proposes an additional \$35 million in competitive grants available to the 16 cities that are part of the Empire State Poverty Reduction Initiative. The aim is to create an additional 22,000 slots for after-school care.	\$35 million
Pre-K expansion	The proposal aims to merge existing pre-k programs, including the priority program for high need districts and the universal program, into a single entity. There will be an additional \$5 million in funding to expand access, with priority given to high need schools that aren't currently offering pre-k programs.	\$5 million
Cover AP Exam fee for low income students	The governor proposes extending coverage of AP Exam fees for all low-income students.	\$2 million
Early college high schools	Invest \$5.3 million to create up to 10 new early college high schools focused on technology training, particularly computer science. The goal is for students to finish high school with a diploma and an associate's degree and be prepared for work in the technology sector.	\$5.3 million
Expand master teacher program	Expanding the master teacher program to designate an additional 115 computer science teachers statewide.	\$2 million
Computer science training	Partnership with the private sector to train K-12 teaches in computer science education.	No cost specified
